

A.POSITIONS IN THE UNIVERSITY CAREER

Present position

From 1 October 2015: Full Professor (Scientific educational sector ICAR/20 Urban and regional planning and technique, Competitive sector 08/F1 Urban and regional planning and design), at the Department of Civil and Environmental Engineering and Architecture (Dipartimento di Ingegneria Civile, Ambientale e Architettura, DICAAR) of the University of Cagliari.

Past positions

15 September 2001 – 30 September 2015: Associate Professor, permanent position confirmed from 15 September 2004 (Sector ICAR/20) at the University of Cagliari. In January 2014 he attained the Scientific national qualifying examination as Full Professor (Sector 08/F1), at the University of Cagliari.

6 September 1995 – 14 September 2001: University Researcher (in Italian “Ricercatore universitario”), permanent position confirmed from 6 September 1998 (Sector ICAR/20 Urban and regional planning and technique), at the University of Cagliari.

B.EDUCATION

1997: Doctor of Philosophy in Economics at Northeastern University, Boston, Massachusetts, United States, Dissertation in urban economics on “Building Abusivism and Condono: An Estimate for a Metropolitan Area of Sardinia, Italy”.

1992: Doctor of Research in Spatial Planning at University of Reggio Calabria, Dissertation on “Aree protette marine e costiere e pianificazione del territorio” [“Coastal and Marine Protected Areas and Spatial Planning”].

1990: Master in Economic Policy and Planning at Northeastern University, Boston.

1986 Bachelor degree in Civil Engineering at the University of Cagliari (final grade: 110/110 Summa cum laude), Thesis on: “Ipotesi per un intervento nel Centro Storico della città di Cagliari, Quartiere Marina” [“Hypothesis Concerning an Intervention within the Historic Center of the City of Cagliari, Marina Neighborhood”].

C.PUBLISHED WORKS

MONOGRAPHS AND EDITED BOOKS AND JOURNAL SPECIAL ISSUES

Since 2000 Corrado Zoppi has published: four monographs, of which one written in English (2016) and three in Italian (2006, 2003 and 2000); one edited special issue of the Italian Journal of Regional Science (2013: this journal is indexed on Scopus (Scopus code 21100211748) and classified by the Italian Agency for the Assessment of University and Research (ANVUR) among the scientific journals of Scientific Area 08); and, five edited books (2013, 2012a, 2012b, 2008, 2003), of which one in English (2012a) and four in Italian.

ESSAYS PUBLISHED IN EDITED BOOKS AND CONGRESS PROCEEDINGS

Since 2000 Corrado Zoppi has published 93 essays, of which 35 written in English and 58 in Italian. Among the publishers: Springer International (Basel, Switzerland); Nova Publishers (Hauppauge, NY, United States); FrancoAngeli (Milan, Italy); Bruno Mondadori (Milan, Italy); Gangemi (Rome, Italy).

ARTICLES PUBLISHED IN INDEXED INTERNATIONAL JOURNALS CLASSIFIED AS A-CLASS JOURNALS BY ANVUR

Since 2008 Corrado Zoppi has published the following articles in indexed international journals classified as A-class journals by ANVUR:

1. "Anthropization processes and protection of the environment: an assessment of land cover changes in Sardinia, Italy" (co-authors: Sabrina Lai and Federica Leone), in: *Sustainability*, vol. IX, n. 12, 2017, pp. 1-19; Impact Factor 2016: 1,789, ISI Web of Science WOS: 000419231500023, Scopus code: 2-s2.0-85035075950.
2. "Land cover changes and environmental protection: A study based on transition matrices concerning Sardinia (Italy)" (co-authors: Sabrina Lai and Federica Leone), in: *Land Use Policy*, vol. LXVII, n. 1, 2017, pp. 126-150; Impact Factor 2016: 3,089, ISI Web of Science WOS: 000413280200013, Scopus code: 2-s2.0-85020278332).
3. "The influence of Natura 2000 Sites on land-taking processes at the regional level: an empirical analysis concerning Sardinia (Italy)" (co-author: Sabrina Lai), in: *Sustainability*, vol. IX, n. 2, 2017, pp. 1-26; Impact Factor 2016: 1,789, ISI Web of Science WOS: 000395590500101, Scopus code: 2-s2.0-85013420467.
4. "Conservation measures and loss of ecosystem services: a study concerning the Sardinian Natura 2000 Network" (co-author: Federica Leone), in: *Sustainability*, vol. VIII, n. 10, 2016, pp. 1-15; Impact Factor 2016: 1,789, ISI Web of Science WOS: 000389314600101, Scopus code: 2-s2.0-84994851824.
5. "Perceived urban quality of the historic centers: a study concerning the city of Cagliari (Italy)" (co-author: Anania Mereu), in: *Land Use Policy*, vol. XLVIII, n. 1, 2015, pp. 495-504; Impact Factor 2016: 3,089, ISI Web of Science WOS: 000362152800041, Scopus code: 2-s2.0-84937033286.
6. "Determinants of land take at the regional scale: A study concerning Sardinia (Italy)" (co-author: Sabrina Lai), in: *Environmental Impact Assessment Review*, vol. LV, n. 1, 2015, pp. 1-10; Impact Factor 2016: 3,094, ISI Web of Science WOS: 000362136000001, Scopus code: 2-s2.0-84934918354.
7. "Factors influencing the value of houses: Estimates for the city of Cagliari, Italy" (co-authors: Michele Argiolas and Sabrina Lai), in: *Land Use Policy*, vol. XLII, n. 1, 2015, pp. 367-380; Impact Factor 2016: 3,089, ISI Web of Science WOS: 000347018700034, Scopus code: 2-s2.0-84907379983.
8. "Land-taking processes: an interpretive study concerning an Italian region" (co-author: Sabrina Lai), in: *Land Use Policy*, vol. XXXVI, n. 1, 2014, pp. 369-380; Impact Factor 2016: 3,089, ISI Web of Science WOS: 000329881400036, Scopus code: 2-s2.0-84885780724.
9. "Differentials in the regional operational program expenditure for public services and infrastructure in the coastal cities of Sardinia (Italy) analyzed in the ruling context of the Regional Landscape Plan" (co-author:),

in: *Land Use Policy*, vol. XXX, n. 1, 2013, pp. 286-304; Impact Factor 2016: 3,089, ISI Web of Science WOS: 000311193400029, Scopus code: 2-s2.0-84860178974.

10. "Urban development and expenditure efficiency in the 2000–2006 regional operational program of Sardinia" (co-author: Sabrina Lai), in: *Land Use Policy*, vol. XXVIII, n. 3, 2011, pp. 472-485; Impact Factor 2016: 3,089, ISI Web of Science WOS: 000287626700003, Scopus code: 2-s2.0-78751622833.

11. "Assessment of the Regional Landscape Plan of Sardinia (Italy): a participatory-action-research case study type" (co-author: Sabrina Lai), in: *Land Use Policy*, anno XXVII, n. 3, 2010, pp. 690-705; Impact Factor 2016: 3,089, ISI Web of Science WOS: 000276734300002, Scopus code: 2-s2.0-77649343002.

D. SCIENTIFIC RESPONSIBILITY AS PRINCIPAL INVESTIGATOR IN NATIONAL RESEARCH PROJECTS FINANCED AFTER A PEER-REVIEWED REFEREEING PROCESS

1. "TSulki: Turismo e Sostenibilità nel Sulcis" ["TSulki: tourism and sustainability in Sulcis"], financed by the Region Sardinia (one of the twenty Italian regional administrations) within the public selection for "La presentazione di progetti di ricerca fondamentale o di base per l'attuazione degli interventi nell'ambito della ricerca per il "Piano Sulcis"" ["Presentation of fundamental or basic research project to implement the operations of the "Plan for Sulcis""], financial year 2015 — Project duration: 12 months (The ranking of the financed projects is published, among which the "TSulki" project is included, but the funds are not yet available) — Corrado Zoppi is the Principal Investigator of the project.

2. "Natura 2000: Valutazione dei piani di gestione e studio dei corridoi ecologici come Rete complessa" ["Natura 2000: Assessment of the management plans and study of ecological corridors as complex Networks"], financed by the Region Sardinia within the public selection for "La presentazione di progetti di ricerca fondamentale o di base in attuazione della Legge Regionale n. 7 /2007" ["Presentation of fundamental or basic research project to implement the Regional Law n. 2007/7], financial year 2013 — Project duration: 36 months (22 September 2015 – 21 September 2018) — Corrado Zoppi is the Principal Investigator of the project.

3. "Pianificazione e partecipazione delle comunità alla definizione ed attuazione delle politiche del territorio: sperimentazione di metodologie innovative nel contesto della pianificazione paesaggistica" ["Planning and participation of communities to the definition and implementation of spatial policies: innovation-oriented experimental methodologies in the context of landscape planning"], financed by the Region Sardinia within the public selection for "La presentazione di progetti di ricerca fondamentale o di base in attuazione della Legge Regionale n. 7 /2007" ["Presentation of fundamental or basic research project to implement the Regional Law n. 2007/7], financial year 2008 — Project duration: 36 months (1 January 2010 – 31 December 2012) — Corrado Zoppi is the Principal Investigator of the project.

E. OTHER SCIENTIFIC REPONSIBILITIES IN NATIONAL RESEARCH PROJECTS FINANCED AFTER A PEER-REVIEWED REFEREEING PROCESS

Corrado Zoppi was Scientific Director of the Research Units at the University of Cagliari of three Cooperative Research Projects financed by the Italian Minister for Education, University and Research (MIUR), which involved several Research Units of Italian Universities. The projects were funded by the

Program for Relevant National Interest Research Projects (PRIN) in the following periods: 2010-2012; 2006-2008; 2000-2002.

F.TEACHING ACTIVITY IN UNIVERSITY COURSES

Since Academic year 1998-1999 until now, Corrado Zoppi has taught continuously in undergraduate, graduate and doctoral courses. Its teaching activity has been implemented mainly at the former Faculty of Engineering, now (since the academic year 2011-2012, Faculty of Engineering and Architecture) of the University of Cagliari. The topics of his courses are, among many: spatial planning, environmental planning, urban planning, regional planning, strategic environmental assessment, urban and regional economic development, investment analysis and assessment, protection and conservation of nature and natural resources, historic centers-related public policies.
